PROFESSIONAL SUMMARY

iOS Developer with 2+ years of professional experience building and shipping native mobile applications at Jamtech Technologies and Skyestone AI Tech, a Bluestone Apps subsidiary. Skilled in Swift, SwiftUI, UIKit, MVVM, REST APIs, real-time messaging, live streaming, and location-based features. Contributed to applications serving 50,000+ active users and delivered measurable improvements in loading speed, memory efficiency, and engagement. Can also build cross-platform applications with React Native using AI tools for development, debugging, and iteration. MCA graduate from Bharati Vidyapeeth.

TECHNICAL SKILLS

Languages & UI: Swift, SwiftUI, UIKit, Cocoa Touch, Combine, AVFoundation

Architecture & Integration: MVVM, MVC, Clean Architecture, REST APIs, iOS SDK

Real-Time & Streaming: Socket.IO, Agora SDK, ZegoCloud, Firebase Realtime Database

Data & Services: Core Data, Cloud Firestore, UserDefaults, Firebase Authentication, Firebase Cloud Messaging, Stripe

Maps & Location: Google Maps SDK, Mapbox SDK, MapKit, Core Location

Tools & Delivery: Xcode, Git, CocoaPods, Swift Package Manager, Instruments, TestFlight, App Store submission

Cross-Platform: React Native development assisted by AI tools

PROFESSIONAL EXPERIENCE

iOS Developer | Jan 2026 - Oct 2026

Skyestone AI Tech Pvt. Ltd. (subsidiary of Bluestone Apps) | Lucknow, India

- Developed native iOS applications using Swift, SwiftUI, and UIKit, including real-time communication, live streaming, and geolocation features.
- Built messaging features with Firebase and Socket.IO, including group chat, typing indicators, and read receipts; integrated Agora and ZegoCloud for live streaming.
- Implemented location tracking with Google Maps SDK, Mapbox, and MapKit, alongside Firebase Cloud Messaging notification workflows.
- Applied MVVM architecture, peer code reviews, and Instruments profiling to improve maintainability and performance; managed App Store builds, submissions, and review compliance.

iOS App Developer | Mar 2024 - Jan 2026

Jamtech Technologies Pvt. Ltd. | Lucknow, India

- Built and shipped multiple iOS applications using Swift, SwiftUI, and UIKit, supporting 50,000+ active users.
- Improved app loading times by 40% through Core Data and Firebase Firestore optimization; reduced memory footprint by 25% using Instruments profiling.
- Increased user engagement by 35% through targeted Firebase Cloud Messaging push notifications.
- Developed real-time chat and live bidding with Socket.IO and Firebase, live streaming with Agora and ZegoCloud, and location tracking with Google Maps SDK.
- Collaborated with designers, backend engineers, and product managers in Agile sprints; contributed code reviews and managed App Store submission workflows.

PROFESSIONAL EXPERIENCE (CONTINUED)

iOS Developer Intern / Trainee | Nov 2023 - Feb 2024

Jamtech Technologies Pvt. Ltd. | Lucknow, India

Exact training period: 6 November 2023 - 21 February 2024

- Completed hands-on training in Swift, SwiftUI, UIKit, and iOS application architecture; built practice projects covering user interfaces, data persistence, and REST API integration.
- Worked with senior developers to learn debugging, code optimization, and production development workflows.

SELECTED PROJECTS

Whitetail Tactical | Live App | Outdoor Collaboration Platform

Technologies: Swift, Core Location, Google Maps SDK, Firebase, Socket.IO

- Developed live GPS tracking, geofencing, and group coordination features; implemented location-tagged photo sharing and offline synchronization.

Profeshie | Live App | Photography & Professional Services Platform

Technologies: Swift, Firebase, Google Maps SDK, Stripe

- Built booking features with real-time availability, a cloud photo gallery, and payment integration.

BidSwipe | Real-Time Auction & Bidding Platform

Technologies: SwiftUI, Socket.IO, Firebase, Stripe

- Built a swipe-based product browsing interface and real-time bidding features with instant bid updates and notifications.
- Integrated Stripe payments and auto-bidding with maximum bid limits.

Last Minute Louie | Wellness & Relaxation Services App

Technologies: Swift, UIKit, Firebase, MapKit, Push Notifications

- Developed location-based service discovery, calendar synchronization, and automated reminders for wellness bookings.

EDUCATION

Master of Computer Applications (MCA) | 2020 - 2022

Bharati Vidyapeeth - Institute of Management and Entrepreneurship Development (IMED), Pune
Score: 89.2%

Bachelor of Computer Applications (BCA) | 2017 - 2020

University of Lucknow | Score: 57.5%

CONTINUOUS LEARNING

Self-paced learning: iOS development with Swift, advanced SwiftUI, and Firebase for iOS.

LANGUAGES

English - Professional proficiency | Hindi - Native
